EXPO

OUR MISSION

The Expo is a vehicle for improved relationship building, public awareness and resourcing to help create thriving Communities. Partnering with local School Districts in planning and implementing the Expo provides required community/intern hours, career development, real-world readiness and networking opportunities for career-seeking students.

With support of and partnering with local Chambers of Commerce, County Organizations, including local schools and students, and embracing ALL that comprise community, the Expo creates a total community connection event. With recognition of the successful Expo, and all of the cultivating benefits it provides, Community Connection and Business Expo has proudly expanded to additional School Districts.
